WELCOME TO BERLIN IN JUNE 2023!

It is a great honor to invite you to the third Joint Meeting of the Rhinoplasty Societies of Europe and US from June 29 to July 2, 2023 in Berlin. The meeting, which takes place every two years, has developed into a Global Masters Meeting where top surgeons from all over the world meet to present the latest trends.

The congress features a cadaver course with master dissections by four internationally renowned surgeons and offers video presentations on state of the art techniques of preservation and reconstructive rhinoplasty, and minor and major revision surgery. Further hot topics are filler rhinoplasty, profiloplasty and the holistic care of rhinoplasty patients starting from preoperative analysis and simulation to skin care and tissue rejuvenation.

Presentations of the latest technologies and instruments will update you on the current and upcoming innovations in the world of rhinoplasty.

The Global Masters Meeting Berlin 2023 is a unique meeting place for the world of rhinoplasty. Be inspired by the modern congress style, meet experts and friends from around the globe, and enjoy the dazzling metropolis of Berlin.

GENERAL INFORMATION

CME Accreditation & Participant Certificate

The certificates of attendance will be sent by Email after the congress.

Documentation Required to Travel to Germany

It is the responsibility of each person attending the Congress to obtain a visa, in order to travel to Germany. We recommend that you apply for your visa early, if required. The Planning Committee is not responsible for arranging visas and has no influence over their issuance. However, should you need an official invitation letter for visa application purposes, you may contact congress staff who will provide a letter for you. You must include your name and address exactly as this information appears in your passport and send an E-Mail requesting an invitation letter. No exhibit or registration fee refunds will be issued for cancellation or non-attendance due to failure to obtain a visa. The Planning Committee cannot be held responsible for any inconvenience resulting from nonobservance or non-compliance with German laws, rules and regulations related to visitor entry.

Language

The official language of the congress is English. No simultaneous translation will be provided.

Letter of Invitation

Upon request, congress staff is pleased to send a personal letter of invitation to assist participants who wish to obtain supporting funds or a visa to attend the Congress. Invitation letters are not an offer of financial support and do not guarantee the issuance of a visa. The letter will be sent once the registration payment is processed.

Name Badges

All participants and guests must wear congress name badges at all congress events.

Smoking

Smoking is not permitted in any congress meeting rooms, lunch service area, or the foyer/exhibit area.

WiFi Access

WiFi Internet access will be available at the congress venue.

INFORMATION FOR PRESENTERS CHAIRMEN & DISCUSSANTS

Speaking Time

Please pay attention to the length of your presentation, and make sure you don't go over your allotted time. We thank you for your understanding that we need to make sure that all speakers have the planned amount of time.

Discussion

The discussion is an open forum for all attendees to speak and ask questions. Every participant will be requested to introduce themselves with their name and nationality. Microphones will be located in the aisles for this purpose.

Q&A

All participants have the possibility to ask questions in the scientific program and in the video sessions via Slido.

Image Projection

The presentation must be saved to a USB stick which is to be handed in and tested at the Media Check table no later than 60 minutes before the start of the session. PCs and MACs with PowerPoint will be available and can be used to share your presentation.

We prefer you do not use a personal laptop, but if you absolutely need to, you must let boeld communication GmbH know in advance.

Please note that when creating your presentation data on a USB stick, that film files or special scripts (characters) will need to be transferred. To make sure the files transfer successfully, you may need to use the function "Packing for CD..." and select the option "linked files" and "embedded true-type fonts". The projection of slides is not possible. Deletion of the file after the presentation is guaranteed.
